European Patent Application 07718460.4 (2 029 878) "More AMPS"

Dear Steve,

I have the pleasure to report that European Patent Office has issued that Communication under Rule 71(3)EPC (i.e. Notice of Allowability) to the above Patent Application.

I have contacted the Examiner some times to motivate him to speed up the process a little bit.

I have not received the communication officially yet, what I send you is the result of an electronic file inspection.

Next step is to translate the claims and pay the grant fee. The term for doing so will end on

OKTOBER 1, 2010.

=====

Since the patent should be granted as soon as possible I recommend to do these steps a little bit earlier. Then I will ask again for accelerated procedure so that the patent should be granted in autumn.

Please let me have a substancial payment upon my debit-notes so that I will be able to proceed.

If you have any further question please do not hesitate to refer back.

Yours faithfully,

Patent Attorney
